Design UI/UX Design · Wireframing · Prototyping · Figma · Adobe Creative Suite

Tools Notion · LucidChart · Mermaid · Microsoft Office

Experience

Business Analyst

Digital Next (Abu Dhabi, UAE) | Remote | 2025 – Present

- Writing business requirements and system documentation for a government-sector project, translating regulatory and operational needs into development-ready tasks
- Collaborating with developers to clarify requirement gaps early in the build cycle

Business Analyst

Masaar Team (Dubai, UAE) | Remote | 2024 – 2025

- Documented BRDs, covering features, interfaces, and business rules across systems
- Reviewed existing functionality and proposed UX and functional improvements
- Authored technical proposals for prospective clients
- Produced 70+ analysis documents including BRDs, user stories

Project Manager & Full Stack Developer

TRICYCLE PRODUCTOS SL (Spain) | Remote | 2023 – 2024

- Managed a 5-member team to build Autro, a trade management system covering supplier/customer management, invoicing, contracts, and export documentation
- Handled requirements gathering, UI/UX design, and full stack development (Flutter + Laravel)
- Integrated WhatsApp Business API for automated communication and automated document generation, reducing preparation time from hours to minutes
- Produced 50+ project documents including BRDs, user stories, and internal specifications

Business Analyst & Consultant

Hayani Trading (Spain) | Remote | 2023

- Delivered business analysis focused on improving operations and customer acquisition, producing 40+ documents including requirements, process reports, and improvement proposals
- Conducted market research and competitive analysis to support strategic decisions

UI/UX Designer & Business Analyst

Master Code Team | Syria | 2023

- Delivered business analysis and UI/UX design for a restaurant management and ordering system
- Designed 75+ desktop interfaces covering order processing, kitchen workflows, inventory, and reporting
- Produced project documentation used as the primary reference for development

UI/UX Designer

Freelance | 2020 – 2023

- Designed web and mobile interfaces for multiple clients using Figma and Adobe tools

Education

Informatics and Software Engineering

Idlib University | 2020 – 2024

Coursework spanning software engineering, algorithms, data structures, database design, system architecture, computer architecture, artificial intelligence, and machine learning. Completed 10+ mathematics courses including mathematical analysis, statistics, and linear algebra. Programmed in C#, C++, and Python, with applied projects in algorithms and AI.

Mobile App Development Certificate

Midad Education Without Borders | 2023 – 2024

Flutter development, Laravel backend integration, and mobile UI/UX design.

Certifications
